

Nearly Impossible Animal Scavenger Hunt

Animals in nature can be excellent at hiding, museum curators can also be very good at hiding things. See if you can discover all 15 animals hidden in the Habitats Gallery. When you discover an animal write it's habitat on the line below it. Best of Luck! (hint there are 3 animals hidden in each of the 5 habitats).

Duckling

Habitat: _____

Rabbits

Habitat: _____

Wolf Spider

Habitat: _____
