

# Handprint Ladybug

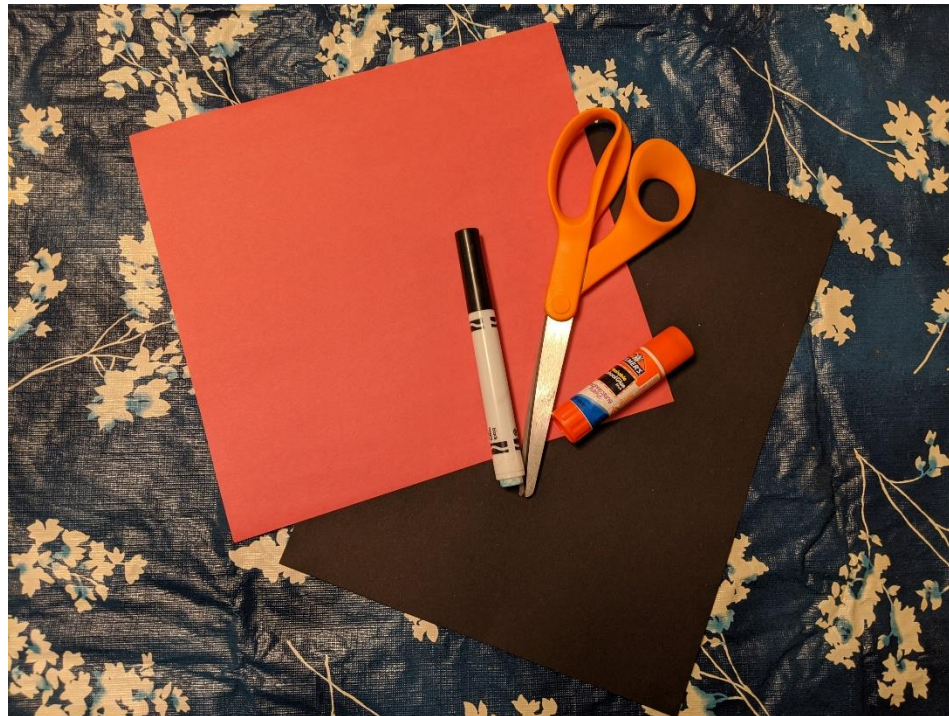

## Supplies

Black and Red Construction Paper

Scissors

Gluestick

Googly Eyes

## Step One – Make the wings & body

- Trace and cutout handprints from the red paper
- Draw black dots on the handprints
- Cutout a circle from the black paper

## Step Two – Assemble!

- Glue the handprints to the body of the ladybug
- Add a mouth and eyes

You're done! You've got a ladybug!

On the back, write your name and date  
to remember when your hands were  
this size!
