*Don't forget a pen or pencil!

ARCHITECTURE SCAVENGER HUNT

1. To start, where are you searching today? (circle one)

STUDY UP There are three main parts to the structure of a building. They are the:

When looking at a building, can you spot these three parts?

Cut this box out once you fold this sheet in half. Cut this box out once you fold this sheet in half.

2. Quickspotting—Can you find the following things?

- a A building with a year on it?
This might be a historic marker or a cornerstone with an 'est. date'.

- b A tall building?
How many floors does it have?

- c A circle on a building?
What part of the building is it on?

- d Something red on a building.
What is it?

6. If you were an architect (someone who designs houses), how would your house look? Draw what you would like it to look like!

3. Roof Shapes—Houses have very different roof shapes. Can you spot all of these? (circle all that you find)

What shape roof does your house have?

5. Do you see any of these types of houses in on your walk?

4. Statues are often found next to buildings—Take a picture or draw what you find. (Garden gnomes count!)

Can you write a sentence about the statue you see?

HOW TO FOLD YOUR ARCHITECTURE SCAVENGER HUNT

1

Print the Scavenger Hunt

2

Fold along all of the solid lines

3

Unfold until the page is just in half and cut out the thin rectangle from the edge by cutting along the dashed line

4

Push the two folded ends toward one another.

5

Holding onto the cover page, push all of the other pages around to the back and crease flat.

6

You are now ready to use your nature walk scavenger hunt!
